WELCOME!

EMPOWERING
SUSTAINABILITY

To connect, support, and empower
global leaders working for a just and
sustainable world.

Empowering Sustainability is dedicated to:

- 1) connecting sustainability leaders across generations, countries, and disciplines through the exchange of ideas and experiences related to all aspects of sustainability; and
- 2) fostering engagement and research on the ground through the collaboration among fellows and like-minded organizations worldwide.

- Network: 170 fellows, 36 countries
- Government, academia, private, NGO
- Different fields
- Different levels of experience

ES GOALS

- Support individual and professional goals
- Providing resources: annual gathering, network, information, training, website, mail list, journal)
